

Nothing feels as
good as swimming
in freshwater.

NKD-R

The Naked NKD-R system can safely and effortlessly purify your pool water without need for adding chlorine, high salt or minerals.

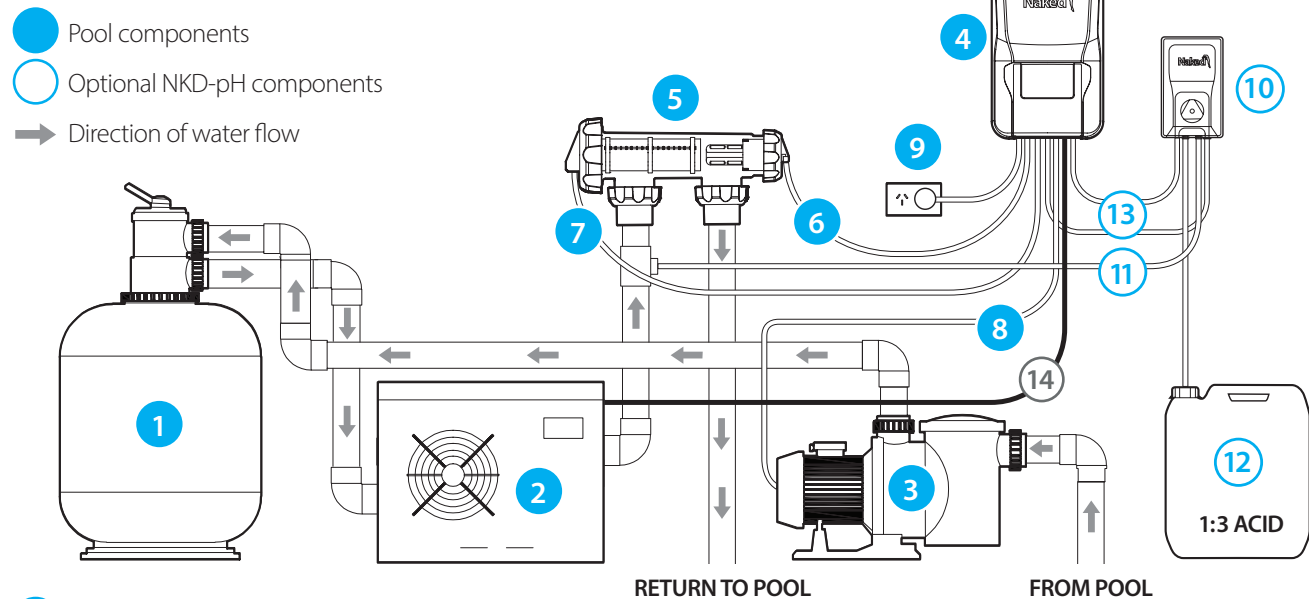

Naked
Freshwater Pool Systems

The benefits of a freshwater pool are crystal clear.

The Naked Pools NKD-R Freshwater System uses advanced oxidation and ionization with natural minerals like copper and silver to maintain clean, clear water. It reduces the need for harsh chemicals, making it gentler on skin and environmentally

friendly. Ideal for those with sensitive skin and allergies, it ensures a refreshing swimming experience similar to a natural freshwater stream, all while being easy to maintain and cost-effective.
